At this very moment, countless breeding dogs are trapped in small, chicken wire cages exposed to freezing temperatures and extreme heat deep within the folds of myriad pristine-looking farms blanketing America's countryside. The puppy mill industry is booming, with breeding dogs being treated like crops: abundant seeds maintained at the lowest possible cost, sprouting profitable puppies whose health and well-being is completely neglected. Many puppy mill breeding dogs have been silenced in unimaginable ways, so with this book author Lisa Fischer has voiced their plea for help. Along with other volunteers and adopters from Main Line Animal Rescues Over the Mill support group, Lisa shares the stories of 32 dogs rescued from dire puppy mill situations. Each tear-jerking story about these dogs' miraculous transformations into wonderful family pets is bursting with indispensable information that EVERYONE should know. Help stop the suffering and ensure you won't be swindled by the unscrupulous people who created those sick doggies in the window. Read this book, and arm yourself with the information you need to make the right choice about the next pet you bring into your life. This item ships from multiple locations.
