Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Curious about surveillance? Wondering about the security of your computer? These are just a couple of starting points. The author, with decades of experience in the field, takes us on a journey through the digital landscape. Exhaustively researched, with hundreds of links, it s nevertheless written in an informal and entertaining style. Do you know the difference between quot;a web browserquot; and quot;the internetquot;? That s about all you ll need, to start. When you re done with this book, you ll know more than most IT (information technology) professionals. You ll be able to analyze the claims made by tech bloggers and those who flog their own products. You ll know much, much more about the risks to your privacy and anonymity--and why they re both so important--in today s fast-moving world. Then, at the end, the author tells how he once went to jail for trying to help protect thousands of college students (including himself). It s a chilling reminder of just how easily quot;spinquot; can replace substance. And yet, it s a funny story. Come on in and give this book a try. You ll be glad you did.
