Reviews

*This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

The plan of confining each department to one floor has been followed in nearly every case, with the result that the internal arrangements generally are well adapted to promote efficiency in working. County secondary education committees in Scotland are authorised by the Education (Scotland) Act of 1908 to grant bursaries tenable at this college to students resident within their districts. It may be noticed, too, that a large number of firms in the area in which the college is situated have expressed their willingness to allow a selected number of their apprentices facilities for carrying out a scheme of college study conjoined with practical work. The courses of study in engineering are held during the winter session of the college, and thus student-apprentices are left free to spend the intervening summers in works. Some of these firms are willing to recognise, wholly or partially, the time spent in college as part of the apprenticeship period, but such recognition will be contingent upon satisfactory reports being received from the college in each case. SOCIETIES AND ACADEMIES. Paris. Academy of Sciences, August 21.--M. Armin dGautier in the chair.--The president announced the death of Albert Ladenburg, correspondant in the section of chemistry, and gave a short account of his work.--H. Deslandres and L. d Aiambuja: The velocities of rotation of the black filaments (flocculi) in the upper layer of the solar atmosphere. A historical sketch of the work done on the dark flocculi since their discovery by...
