Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Brian Miller)

BATTLE ON THE LOMBA 1987: THE DAY A SOUTH AFRICAN ARMOURED BATTALION SHATTERED ANGOLA'S LAST MECHANIZED OFFENSIVE - A CREW COMMANDER'S ACCOUNT

Helion & Company. Paperback. Book Condition: new. BRAND NEW, Battle on the Lomba 1987: The Day a South African Armoured Battalion Shattered Angola's Last Mechanized Offensive - a Crew Commander's Account, David Mannall, The climactic death-throes of Soviet Communism during the 1980s included a last-gasp attempt at strategic franchise expansion in Southern Africa. Channelled through Castro's Cuba, oil-rich Angolan armed forces (FAPLA) received billions of dollars of advanced weaponry including MiG 23 and Sukhoi fighter jets, SAM 8 missile systems and thousands of armoured vehicles. Their intent - to eradicate the US-backed Angolan opposition (UNITA), then push southwards into South Africa's protectorate SWA/Namibia, ostensibly as liberators. 1985 saw the first large-scale mechanised offensive in Southern African history. Russian Generals planned and oversaw the offensive but without properly accounting for the tenacity of UNITA (supported by the South African Defence Forces - SADF) or the treacherous terrain typical in the rainy season. The '85 offensive floundered in the mud and FAPLA returned to their capital Luanda. The South Africans stood down, confident their 'covert' support for UNITA had demonstrated the folly of prosecuting war so far from home against Africa's military Superpower. The South Africans were mistaken. Fidel and FAPLA immediately redoubled their efforts, strengthening fifteen battalions with even more Soviet hardware while Russian and Cuban specialists oversaw troop training. As Cuban and Angola fighter pilots honed their skills over the skies of Northern Angola, David Mannall, a normal 17-year old kid completing High School, was preparing for two years of compulsory military service before beginning Tertiary education. Through a series of fateful twists he found himself leading soldiers in a number of full-scale armoured clashes including the largest and most decisive battle on African soil since World War II. This is the David and Goliath story that, due to seismic...
