

CSS in Easy Steps

By McGrath, Mike

In Easy Steps Limited, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Cascading Style Sheets is an essential stylesheet language to designers who want their webpages to stand out among the trillions on the Web. In straightforward language, this book explains CSS. Author Mike McGrath begins with a brief history of Web design and then explains how style sheets determine the presentation of elements within HTML documents, and how CSS makes for a simpler and more streamlined HTML markup. Examples show how CSS rules control the appearance of text, content boxes, lists, tables, backgrounds, and how they can create dynamic effects. This updated edition covers Web 2.0 components and includes useful screenshots illustrating each aspect of CSS.
