Not illustrated. 1918 Excerpt: . . . leave some funds available for salary and wage increases for those who remain in the service, but it will not retain the efficient and indispensable workers and eliminate the drones. The present situation will not correct itself. Somebody must make it IF we are to have government people, by the people, and for the j--in other words, if we are to have ths democratic, service-rendering gove which all of us are seeking, the sigi facts about government must be pn to the people so simply, so clearly, accurately that the people can easi out what they should know concernir cooperative undertaking. Of the many facts of government the people should know, those rela the finances and financial operatio without any question, the most imp for they are inseparably bound u every activity of government. How to get these financial facts people is a really difficult problem. no means the simple proposition ths first sight seems to be. Provision n made for collecting, classifying, rec and interpreting all the facts, and for ing and suitably transmitting to the the most significant of them. The d all these things falls within the pro accounting. Now accounting, particularly j mental accounting, is greatly in a improvement. Many of the fact forth by governmental accounting ai in name only. This is very largely the lack of a definite terminologj sine qua non of every true science. One of the commonest words used nection with the finances of governn the term...
