Building a Better Strategic Analyst: A Critical Review of the U.S. Army's All Source Analyst Training Program (Paperback)

By Us Army Major Daniel M Allen

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm.

Language: English . Brand New Book ***** Print on Demand *****.In the aftermath of September 11, 2001, the intelligence community saw a dark shadow cast across itself. Though the specific intelligence failures cannot yet be determined, there are some known pieces of information. The success of intelligence during the Cold War, a predictable bipolar war, resulted in a strategic intelligence system that supported the information requirements of that bi-polar world. Our intelligence analyst trained to use deductive skills to quantitatively determine the internal and external jostling of the bi-polar system. Since the end of the Cold War, America's adversaries have undergone significant transformation moving away from standing formation armies prepared for force on force battles. Rising from the ashes of the relatively predictable bi-polar global system are new networks and bands of ideologically and culturally motivated groups capable of exercising the power of globalization while taking advantage of both tacit and complicit state support. While US military analysts ardently constructed a mostly quantitative method of analysis to determine how former adversaries executed their game plan, the cultural complexities of the current global construct do...

Reviews

Comprehensive guideline for book lovers. It is really simplified but excitement in the fifty percent in the publication. Your daily life period is going to be change as soon as you full looking at this book.

-- **Kayley Lind**

Unquestionably, this is actually the very best job by any publisher. It really is basic but unexpected situations within the 50 % from the book. I discovered this book from my dad and i advised this publication to discover.
